

# Falcon Badminton Club

## Post Covid-19 Strategy

Our priority is to enable FBC members to resume playing club badminton by providing a safe, secure and controlled environment in which to play badminton. Recognising that each & every individual member will have their own attitude to risk and confidence threshold depending upon their personal circumstances. With this in mind we are seeking to remove the financial pressure regarding when an individual is comfortable in resuming play by temporarily changing our Finance model in order to allow members to resume playing when they are confident to do so without being unduly financially penalised.

## Temporary Fee structure:

- There will be NO annual subscriptions for the 2020/21 season
- Club night sessions will be on a pay and play basis.
- Falcon BC will pay the annual BE subscriptions for all current members who express an interest in re-joining. Only new members will be asked to contribute to their annual BE fees.
